

MEM Student's Lissette and Ellen on the Natural Resources Fair:

Next week, **Thursday, April 21st**, the Natural Resources Fair (NRF) is going to be held at the Fred Field Heritage Center **from 10-1pm**. The NRF was originally an Energy Efficiency Expo that GCEA began holding in 2013. There was one event at their headquarters building in 2013 and an event in CB in 2014. The NRF focused on what GCEA has to offer for programs and efficiency, but never had a lot of people show up to the event. In 2015, there was an opportunity to work with Sam Kozel and Abel Chavez to plan this event, and the NRF decided to broaden the focus to how we're using our natural resources here in the valley and beyond as well as incorporate MEM projects focused on sustainability efforts. This is where first-year MEM students Ellen Patten, and Lissette Rios comes in. Lissette is from Norwalk, CA a small suburb of Los Angeles County, Lissette chose the MEM program to get out of the city, experience the small town lifestyle where she could make a real impact. Also due to the program's hands-on curriculum as well as a tangible masters program which would be a project that emitted real results and change. She enjoys swimming, hiking and biking around town, as well as being crafty. For her project, she is possibly going to be dealing with the issue of food waste, but she knows that whatever she focuses on, she wants to have citizens in this community have greater self sufficiency, more consumer conscience, and really understand what effect consumer choices have.

Links to the [Master in Environmental Management Calendar](#), the [MEM Facebook Page](#), as well as the [Center for Environment & Sustainability Facebook Page](#)

Housing: To any current MEM students graduating this year and moving away from the valley, please post your available apartments/housing in the Gunnison Valley to the [MEM Student Housing Exchange](#) Facebook page for new incoming MEM students. All new students should go check out the group! New students may also contact [Residence Life](#) asking about limited on-campus MEM housing by **June 1st**. A good place to check is also the [Gunnison Market Place](#) group or the [Gunnison Shopper](#).

House Rentals: Karen Immeso & Paul Duba have two rentals, adjacent to one another that are opening up **mid-May and one at the beginning of June**. Currently Alyssa Vogan & Stephanie Aubert are renting one. Could be a fun MEM compound. These two rental houses are shown on each of the attached flyers. They require a tenant application so people can contact them directly at (970)-641-3875.

Ride Needed: Traveling to Denver: If anyone will be traveling from the Denver Airport **Wednesday April 27th** to Gunnison for the Spring Intensive and may want to car pool, contact Linsdsey at erikahlindsey.lunsford@western.edu if you are. Her flight gets in in the morning and she would love to be able to ride with someone to campus.

On-Campus Events for Earth Week, April 18th-23rd:

Monday-Environmental Career “Speed Dating” Night: As part of Earth Week, **at 5:30-8pm** in the UC Ballroom, there will be the first Annual "speed dating" event taking place for all students, specifically ENVS and MEM students, who plan on attaining a career in the environmental field with their degree. This is your chance to hear from several different local directors and representatives who are very passionate about their work and **free dinner will be served at 5:30**. You will then have the chance to converse with each representative through rotation and receive more info about a specific position.

Tuesday-Documentary of “The Little Things”: At **6:30pm** in the University Center Theater, the LEAD Sustainability Coordinators will be showing the documentary “The Little Things” which is a snowboarding movie project based on environmentally conscious riders who are inspirational through their riding, as well as their sustainable ways of living and thinking. The film is an initiative taken on by professional snowboarder Marie-France Roy and directed by Filmmaker Darcy Turenne in which all the riders are bringing to life the importance of protecting and living in balance with our environment.

Wednesday– Sustainability Scavenger Hunt: Join the Sustainability Coalition for a Sustainability Scavenger Hunt **from 5:30-6:30**. The scavenger hunt will begin at the UC fire pit. Everyone who finishes will win a free entrance to the Earth Day BBQ along with prizes for 1st -3rd place. Teams and individuals are welcome, please sign up in advance by emailing: westernstate.sustainability@gmail.com. And see attachment for this information.

Thursday- 2nd Annual Natural Resources Fair: The NRF is designed to bring the community together along with WSCU, GCEA & Cold Harbour Institute in an effort to educate Gunnison county about how we are using our natural resources, alternative energy sources, current projects from WSCU Environmental studies/management departments and to showcase any other sustainable initiatives. It is designed to promote awareness and educate the community. See the facebook page link [here](#). It will be **at 10am-1pm** at the Fred R. Field Western Heritage Center, there will be a fun, open to the community event for water, food, energy, Conservation, sustainability, and safety. MEM students are encouraged to volunteer or showcase their projects at this event so contact mcasteel-denney@western.edu if you are interested.

Yoga and Smoothies: On Thursday, there will also be smoothies and yoga at the Chipeta living room. The first session will be at **7-8am** and the second will be **9:30-10:30am**, a Chipeta Garden Work-Day **11-2pm**, and the screening of “Fresh” which is a 2009 documentary film directed by Ana Sofia Joanes that focuses on sustainable agriculture, and depicts farmers, activists and entrepreneurs who are changing America's food system. There will be bike-blending of pesto and a T-shirt sale with tie-dye at Chipeta Garden from **6-8pm**. Movie starting at **6:30pm**.

Friday (Earth Day)– Zero-Waste BBQ: Bring your own plate and eat local burgers, chips, dessert and more for free. If you don't have a plate bring a dollar to eat. There will also be lawn games and music! From **3:30-6pm** on the Pinnacles Lawn.

Saturday-Gunnison Community 20th Annual Clean-Up: Starting at **9am** at the Loof Park, (Not on campus) come help clean the community and celebrate Earth Day. There will be snacks, coffee, and lemonade provided for participants, the chance to win Gunnison Greenbacks, and enter for drawing of local business products and services.

Further Items of Interest:

Student Funding Opportunity For Researchers in the Rocky Mountain Region: The Colorado Mountain Club Foundation announces the 2016 grant opportunity for students whose research is focused on the Rocky Mountain region. The Foundation awards grants ranging from approximately \$500 to \$2,000, in disciplines such as biology, chemistry, environmental studies, forestry, geography, geology, history, and law. Although fellowships are normally awarded to graduate students, undergraduates are also eligible. The deadline for applications is **TODAY, Friday, April 15th**. Go to this [link](#) for more information.

Timekeepers Needed: For MEM Project Defense Week. They are looking for undergraduate volunteers to help as timekeepers during the MEM Project Defense Week from May 2nd-May 4th. You will need to commit to at least one 1.5 hour long session. Please contact Mandy Casteel-Denney, mcasteel-denney@western.edu, if you are willing to assist.

Sustainability Coalition: SusCo's **Tuesday evening meetings at 5pm** in Kelley 118 are fun, brief, and full of great sustainable ideas. They have a lot coming up for Earth Week! Everyone is welcome to stop by during the meeting times and is encouraged to do so. Their social media as follows: Facebook: Western State Colorado University Sustainability Club , Instagram: [westernstate.sustainability](https://www.instagram.com/westernstate.sustainability) and Twitter: [western_sustain](https://twitter.com/western_sustain).

MEM Graduation Party: Erin, Andres, Rachel and Tyler, all MEM students have been planning the graduation celebration for **Saturday afternoon/evening on May 7th at 3pm**. They're inviting all graduating MEM students and their friends and families, faculty, 2nd and 3rd cohort MEMbers, and friends of the program. Attached is the invitation that Tyler sent to all current MEM students. It's a cash alcohol and pizza bar, so there's no limit to the number of people that can attend. The more the merrier. Please let Tyler Grimes know if you have any questions at tyler.morrison@western.edu and they're excited for the celebrations!

Fundraiser BBQ for MEM Students: Come join us on **Friday, April 29th at 5:30 pm** at 322 N Taylor as we raise money for MEM students to speak at the Resilient Cities Congress in Bonn, Germany. Maddie, Jake, and MJ have all been asked to give a presentation at this year's conference and they need your help to get there! They will represent their work, the MEM program, WSCU, and the Gunnison community! Please bring your own cup and enjoy an evening of fun, laughter, and of course prizes! We have great shwag for items like a private yoga session, a dog training session, gift certificates to local restaurants, and other prizes from around the community!

Executive Summer School in Global Environmental Policy: August 28th through September 7th the Université De Genève will be providing an intensive immersion in the latest political and scientific issues on the global environmental agenda in the unique context of International Geneva. The GEPP is a unique learning initiative that bridges the often-disconnected worlds of internationally-renowned scientific research and multilateral governance processes. Learn more about it and the application process [here!](#) Also, see more information in the attachments.

Agri Summit: There will be a day-long event highlighting opportunities for networking, discussion and learning focused on local food production and agritourism. Held at the SteamPlant Event Center in Salida on Earth Day, **next Friday, April 22nd**, AgriSummit will also include a catered lunch and reception featuring locally and regionally sourced foods and an early season farmers marketplace. The day's events will be followed by a one-time-only screening of Symphony of the Soil, introduced by the film's Director, special guest Deborah Koons Garcia. For more information and to register, go [here](#) or call 719-239-0955 or e-mail info@guidestonecolorado.org.

Exciting Scholarship Opportunity for Young Adventurers: This scholarship is for students who want to attend the High Mountain Institute Gap semester. HMI Gap inspires the next generation of civically-minded leaders through outdoor adventure and service. Our Civic Adventure scholarships are merit based and recognize students who have demonstrated excellence in civic engagement and a passion for the environment and outdoors. Taking a gap year or semester is a great opportunity for students to get the most out of their college education, helping them develop the critical social and emotional intelligence to navigate the numerous challenges and opportunities that college presents. **Application deadline is April 30th** and more information can be found on the attachment.

Details About ENVS 690 Intensive: There is great excitement for a productive and inspiring kick-off for your project planning during the ENVS 690 intensive **from April 27th-29th!** Remember that classes will wrap up by April 22nd, so this intensive will offer you a chance to focus on project development before the summer. If you haven't identified a project, please take this time to meet with your advisor and hone in on ideas so that the intensive can be as productive as possible. You may want to be thinking about who your community sponsor may be (see ENVS 690 syllabus-attached-for more details), as well as what readings/websites/consultations you want to include in your summer reading list. Please see the draft ENVS 690 schedule (attached), so you have an idea of what we'll be doing each day. In addition to the intensive, are also asking all students to attend at least half of the MEM panels that will occur the following week (May 2-4th). The schedule with panel topics is attached. Please peruse this list and decide which sessions you are most interested in attending. All of the events (690/694) will take place in Crawford 119 unless otherwise noted. They are currently expecting all of you to be there in person for the summer intensive, as we have not received exception requests for this session.

SAF Conference: The Colorado and Wyoming Society of American Foresters Annual Conference will take place here at Western **May 12-14th**. The theme is "the New Normal". The meeting includes field trips, a concert at the I-Bar, and a full day of presentations on forest ecology and management. If you might be interested see attachments for the registration form and more information on the schedule. There are also a couple free student registrations to give away, first come first served. You may contact Dr. Jonathan Coop at jcoop@western.edu.

Weed Related Potential MEM Project Idea: The Town of Crested Butte is in the process of forming a weed committee to address noxious weeds in the Town of CB. From a "hard" science perspective, this presents an interesting opportunity for the graduate student to establish a baseline in 2016 and monitor our weed treatments or even set up an experiment to evaluate different approaches to weed management and monitor the effectiveness of these over time. One site that is particularly interesting and weed infested is the CB Cemetery at 10,000 feet. From a social science perspective, there is an interesting opportunity to study people's opinions on weeds, their treatment, and the best way to ensure community buy-in for weed management in a rural town. If you are interested, let Corrie Knapp (cknapp@western.edu) know.

WSCU Sustainability Survey: Please take a moment to participate in a survey regarding sustainability on campus. your efforts will be greatly appreciated and result in more relevant and meaningful sustainability initiatives being proposed in the next few years. As well, you can enter for a drawing for awesome prizes. [Survey Here!](#)

Ayodeji Oluwalana on the LEAD office smoothie blender bike

TWS Game Bird Scholarship: TWS has an annual \$2,000 game bird scholarship in memory of Don Rusch, a supervisor and mentor of professor Pat Magee's. For the past several years he has served on the selection committee for this scholarship and they are looking for Master's degree candidates in 2016. See attached Announcement and RFA. **Applications are due May 1.**

Writing Opportunity for Students: Earth Directory, a nationwide green business directory is searching for some talented environmental science students to write on topics such as Climate Change, Energy-Efficiency, Recycling, and Sustainable Business, etc. You may contact Todd Lehman, Earth Directory President, at Office: [\(385\) 202-5904](tel:3852025904) Direct: [\(801\) 628-0450](tel:8016280450) Fax: [\(720\) 729-8347](tel:7207298347) Address: 9029 E Mississippi Ave #F303, Denver CO 80247 with submissions. More info in Attachment.

Kifaru Youth & Children Center Volunteers: Kifaru Youth & Children Centre (KYCC) is a Non-Governmental Organization established in 2014 and structured as a Community Based Organization (CBO). Kifaru Youth & Children Centre is headquartered in Karatu District of Arusha, Tanzania and within the Northern Circuit of East Africa. Close by are Ngorongoro and Serengeti National Parks. They are currently looking for volunteers to help create educational opportunities for marginalized people in remote areas of Tanzania, East Africa. Their website can be found [here](#) and additional info is on attachment.

Permaculture Course in Westcliffe: Concerned about the state of our planet? Looking for hope? Find out how humanity can move into an uncertain future with grace, ease and abundance! Shift your awareness and change your life! Here is a golden opportunity: A permaculture design course will take place near Westcliffe **June 18th-July 2nd**. This course is intensive and includes 72 hours of instruction, hands-on design work, certification, lodging and all meals -- truly inexpensive for a unique, life-shifting experience. And fun! Some scholarships and work trades are available, along with an early-bird discount and a couples discount. So please check this out and see if it's right for you! If you have any questions contact Sandy Cruz [719 539 7585](tel:7195397585) or see attachment.

The Project Management Fundamentals Course: The Project Management Fundamentals Course is designed for those seeking professional project management certification. It serves as a thorough introduction to the fundamentals of project management. Those seeking additional credentials such as the PMP®/PgMP®, PMI-SP®, and PMI-RMP® will benefit from this dynamic and interactive work session, while those currently holding credentials will find the certification to be an enhancement as well as the most up to date advanced professional development. Tuition for the three-day Project Management Fundamentals Course is \$595.00. Participants may reserve a seat online at the [Project Management International website](#), by calling the Program Office toll-free at [\(888\) 201-6372](tel:8882016372), or by sending their name and contact information via email to the [Program Registrar](#).

Tatoosh 2016 | Field studies & research in Alaska: The Tatoosh School is a nonprofit, university-level field school with a beachfront base camp on Prince of Wales Island and lecture halls in the towns, oceans, and forests of Alaska's Inside Passage. They're keen to get the work out about a few spots left on Tatoosh courses in 2016. Eager to have strong representation from students in Environment and Sustainability programs. Courses such as a 3-week Intensive Community Ecology: Salmon, People, Place course in **May 16 – June 7, 2016** are currently being offered so go check them out at their [website](#).

Sustainable Development of Natural Resources Course in Scotland: May 15-17 2016, Luke Danielson will be teaching a short course entitled Community Rights and Expectations in the Sustainable Development of Natural Resources at the Centre for Energy Mineral and Petroleum Law and Policy at the University of Dundee, Scotland. For more information you can go [here](#).

Fresh Produce Subscription: The Organics Guild and Thistle Whistle Farm would like to announce their partnership in a Community Supported Agriculture Pick to Order Program. The program would act like a subscription in which the subscriber could pick up a box of fresh, local produce at the Chipeta Garden every Saturday. The boxes would start arriving in June and would continue through Autumn. If you might be interested in signing up for this program please fill out the form at this [link](#). They will keep you posted as we gain interest in the program. They hope to make organic, local food more available for the Gunnison Valley. Any questions please email: ThistleWhistleCSA@gmail.com

2016 San Juan Mining and Reclamation Conference: August 3-5th in Durango and Silverton, the 2016 San Juan Mining and Reclamation Conference will continue to build on the shared understanding of the impacts of our local mining history. This year's conference will consider the Gold King Mine spill to understand how mine disturbances affect our communities, especially our water resources, and ways to engage stakeholders to prepare and implement innovative responses. There will be opportunities to discuss, educate and collaborate on the importance of maintaining a balance between mineral extraction practices and their effects on water systems and other natural resources. Join them for a daylong conference near Durango on August 4th and field trips into the Durango and Silverton mining districts on August 5th to observe the anniversary of the Gold King Mine incident with networking and learning about the nexus between mining and water resources and positive ways for our communities in southwest Colorado to prepare and respond.

Register Today! National Collaborative Restoration Workshop: *Working Toward Resilient Landscapes and Communities* registration is now open for those of you who want to work toward resilient landscapes and communities. Collaborative restoration efforts are tackling large-scale and cross-jurisdictional projects. This workshop will be taking place **April 26th-27th, 2016** and will be held in Denver, CO. Go to this [link](#) to for more info.

Project Opportunities:

Tyler Grimes's Project: Enduru Sustainable Development. Enduru is a village in Western Province, Kenya, located between Butula and Bumala in Busia County. Project continuation would work closely with the New Creations Self-Help Group to create opportunities and meet the needs of the community through sustainable development strategies. Potential projects include: Working with local NGO ARDAP (appropriate rural development agriculture program) on a farming project on New Creations Children's Home land. The project would include digging a well, water storage and irrigation, construction of a greenhouse and a production plan. Find out more about ARDAP at <http://www.ardap-kenya.org> or ARDAP Kenya on Facebook, working with Eco2librium to start briquette production in Busia County, fundraising for a scholarship to send a college graduate from Enduru to the MEM, and other project ideas. There's an openness and need for future projects of all kinds. This project is an opportunity for anyone looking to work internationally at a grassroots level. For questions or more information email tyler.grimes@western.edu.

Jobs:

Hiring for Application of MCH Bubble Packets: Renee Slater, a landowner off of Hwy 149, south of Powderhorn on Cty Rd 25 just up from Red Bridge (45 mile drive from Gunnison), is looking to hire some reliable students who may have interest in the field of Douglas Fir trees and management of beetles who can help her hang MCH Bubble Packets on her trees to prevent beetle kill on the **7th, 8th, and 9th of May** at 40 hours of work being paid \$10-\$12 an hour. Renee would like to schedule a phone interview with those who are interested, you may contact her at (239)-404-5948.

Hiring Crews for SBEADMR Monitoring: The Colorado Forest Restoration Institute at Colorado State University is hiring one forest research field crew leader to implement spruce beetle research near Lake City, CO. Duties include measuring forest regeneration, forest structure, fuels, and ground cover in spruce forests in central Colorado. This position will be based out of a remote, BLM bunkhouse outside of Lake City, and require commitment to stay out there for the duration of the field season (mid-June through September) Ideal candidates will be recent graduates with the ability to conduct remote field work into September. To Apply: Submit a resume in PDF format to Kevin Barrett Kevin.J.Barrett@colostate.edu Please include 1) contact info for three references, 2) start and end dates you are available to work, 3) expected graduation date. Colorado State University requires all employees to pass a background check. Applications reviewed as received, or by **TODAY April 8th, 2016, at 11:59pm**. Questions? Contact: Kevin Barrett, Forestry 126a, Kevin.J.Barrett@colostate.edu. More info on attachment.

UGRWCD Internship Program: The Upper Gunnison River Water Conservancy District is offering two paid summer 2016 internships, in these areas: **PUBLIC EDUCATION & OUTREACH INTERNSHIP** The Upper Gunnison River Water Conservancy District is seeking an intern to work with staff on ways to use local and regional media, including internet and social media, to increase public understanding of Upper Gunnison River water resources, and present and future challenges and opportunities for those resources. Requirements: Good writing and thinking skills (college-level examples required); minimum time commitment in-office of 5 hours/week; and a passion for intelligent, sustainable and all-inclusive resource development and use. **COMMUNITY DEVELOPMENT INTERNSHIP** The Upper Gunnison River Water Conservancy District is seeking a gregarious and outgoing intern with good 'people skills,' to assist in developing a higher level of water consciousness in the Upper Gunnison valleys. Some specific tasks will involve working with school-age children at Water Festivals and; others will involve organizing educational environmental stewardship projects in the field with older students and adults. **Application deadline is next Friday, April 15th.** Please submit to Upper Gunnison River Water Conservancy District, 210 West Spencer, Suite B, Gunnison, CO 81230, or via e-mail to beverly@ugrwc.org.

Summer Jobs in Gunnison with the WCCC: Jeff Roberts, the Director of Western Colorado Conservation Corps, is currently looking to recruit some solid crew leaders and crew members to be apart of their 2016 summer Gunnison Headwaters Crew! You'll have the opportunity to build new Mountain Biking Trails and enhance the Gunnison Sage Grouse habitat. [Apply now](#) or call (970) 241-1027 for more information.

Proposals Sought for an Executive Director Consultant: RWEACT (Rio Grande Watershed Emergency Action Coordination Team) -- together with the Rio Grande National Forest and funded through the Colorado Water Conservation Board, the Department of Local Affairs, and the Office of Emergency Management – works to promote partnerships and actions that provide for public safety and resiliency of communities and watersheds of the Rio Grande Basin of Colorado. More organizational information can be found at www.rweact.org. CO In Lake City, CO RWEACT is working with Hinsdale County to solicit proposals for an Executive Director Consultant to strategically lead and build capacity efforts for their regional watershed stewardship collective. Five working groups implement projects emphasizing economic recovery, communications, natural resources, hydrology, and emergency managers. Funding for these endeavors have come through two Governor's Executive Orders and several grants. The complete Request for Proposals (RFP) can be viewed on RWEACT's webpage (www.rweact.org) beginning today (look for the big red box!). Submitted proposals must follow guidelines and are **due no later than April 15th** at the Hinsdale County Administration office. Any questions can be directed to Kristine Borchers at 970-596-9071 or kristineborchers@yahoo.com

Employment Collecting Rangeland Ecology Data Opportunity: Retta Bruegger, Colorado State University's new Range Specialist is wondering if there would be anyone interested in an employment opportunity in collecting rangeland ecology data. You may contact her at Retta.Bruegger@colostate.edu so that she can send those that are interested an application.

Steamboat Lake State Park Jobs: Colorado Parks and Wildlife is now hiring for summer, seasonal positions for ranger positions, Aquatic Nuisance Species Inspector and more. Applications can be found [here](#). More info on attachment as well.

Summer Data Science Fellowship Opportunity: The Data Incubator is an intensive 8 week fellowship that prepares masters students, PhDs, and postdocs in STEM and social science fields seeking industry careers as data scientists. The program is free for Fellows and supported by sponsorships from hundreds of employers across multiple industries. Anyone should apply who has already obtained a masters or PhD degree or who is within one year of graduating with a masters or PhD is welcome to apply. Applications from international students are welcome. Everyone else is encouraged to [sign-up for a future session](#). There will be both an in-person (in NYC, DC, SF) and online section of the fellowship. There is a common application for both the online and in-person sections. All sections will be from 2016-06-06 to 2016-07-29. Here is the application link:<https://www.thedataincubator.com/fellowship.html#apply?ref=wY2tuYXBwQHdlc3Rlcm4uZWZWR1>. You can learn about our fellows at [The New York Times](#) or [Palantir](#). To read about our latest fellow alumni, check out [blog](#). To learn more about The Data Incubator, check us out on [Venture Beat](#), [The Next Web](#), or [Harvard Business Review](#).

Summer Internship Opportunity- Environmental Education Interns: Internship opportunity that may be of interest to current and upcoming graduating students in the environmental studies, science, and management programs. In partnership with the National Park Service at Curecanti National Recreation Area and Black Canyon of the Gunnison National Park, American Conservation Experience (ACE) is seeking two interns to directly assist with the development, coordination, and delivery of the Advanced Junior Ranger Summer Camp Program taking place within the National Park Service Units. This summer internship opportunity is ideal for individual looking to gain hands-on work experience in the conservation field in environmental leadership, education, outreach, and communication. As the camp participants will be from the surrounding communities located near the Parks, they are hoping to recruit interns locally from Western State Colorado University. To apply, Please submit a thoughtful cover letter, resume and contact for professional and/or academic references to Hannah Wendel at hwendel@usaconservation.org. Should you have any questions regarding this position, please feel free to call at (801) 946-5478. **Applications must be submitted by April 30, 2016.** Interviews will begin the first week of May.

Colorado Outward Bound School Field Positions: For Assistant Instructor positions, Logistics Coordinators, Marketing Interns, Culinary Interns, and more, go [here](#) for the position listings with Colorado Outward Bound School, for people of all ages and all walks of life, is an educational organization that helps students discover strength of character, the ability to lead and a desire to serve. Most positions have age restrictions and require a Wilderness First Responder and CPR Certifications.

Program Director for Grand Canyon Youth: Starting June 1st, In Flagstaff Arizona, The Program Director for Grand Canyon Youth (GCY) is responsible for the preparation, correspondence and coordination of the programmatic aspects of Grand Canyon Youth's river education programs. The Program Director must have the ability to develop and maintain professional relationships with GCY staff, youth participants, parents, guides, drivers, volunteers, and community partners. To Apply, please submit a resume, cover letter and three references by email to Executive Director, Emma Wharton, emma@gcyouth.org. Application deadline is **May 30th**. See more info on the attachment.

WCCC Internships: Andrew Breibart, a Hydrologist from the Western Colorado Conservation Corps will be hiring two youths through WCCC, and will make the selections. Resumes need to be emailed to him at <mailto:abreibart@blm.gov>. The position descriptions can be found on the attachments.
