

How do you sum up a life that has spanned nearly a century and never lacked for excitement?

Born in Telluride on the 4th of July, Vera was a firecracker right from the start. Never content to just sit back and watch, Vera was always active in the community she loved and in 91 years never missed a 4th of July celebration - her 'birthday party from the city'.

Her energy, sense of humor and love will be greatly missed by sister Irene, son Gene and grandchildren Dane & Tara.

**The community has lost an original.
Please keep Irene in your prayers.**
